

Secure Our Border-Enforce Our Laws

We seek to educate those who turn a blind eye to the many costly and destructive consequences of illegal immigration.

What We Do

We support limiting our jobs and resources to the citizens of North Carolina and we believe that it is time for our Legislators to adhere to their oath of office, "to support the Constitution of the United States; and to be faithful and bear true allegiance to the State of North Carolina" by passing the appropriate legislation to curtail the influx of illegal aliens into our state.

What We Believe:

We are a statewide non-profit organization that is dedicated to immigration enforcement. Our organization represents the citizens' interest in stopping the flood of illegal aliens into North Carolina.
