http://mtairynews.com/bookmark/20651814

DOBSON — A counseling session has yielded an arrest in a two-year old rape previously unknown to law enforcement, Sheriff Graham Atkinson announced late last week.

According to the sheriff, **Jesus Alberto Pinzon Silvas**, 18, was arrested last Wednesday and **charged with first degree rape** after his alleged victim recounted the reported incident to a therapist.

## Man accused of decapitating his wife will face death penalty

http://www2.journalnow.com/news/2012/oct/09/3/man-accused-of-decapitating-his-wife-will-face-dea-ar-2678985/

Winston-Salem man will face the death penalty on charges that he kidnapped his wife, then killed and decapitated her.

On Tuesday afternoon, Judge John O. Craig of Forsyth Superior Court granted prosecutors' request to pursue the death penalty against **Juan Carlos Rodriguez**, 36, who is **charged with first-degree murder** in the death of his wife, Maria Magdalena Rodriguez.

Maria Rodriguez, 31, was reported missing after she left the couple's Trellis Lane home on Nov. 18, 2010. Juan Rodriguez was arrested in Eden three days later and charged with assault and kidnapping in connection to his wife's disappearance.

Then on Dec. 12, the body of Maria Rodriguez was found at the end of Williamsburg Road in the Minorcas Creek area off of Bethabara Park Road. Investigators used a dive team and bloodhounds to search nearby ponds and surrounding area but never found her head.

A hearing — known as a Rule 24 hearing — was held Tuesday in Forsyth Superior Court to determine whether prosecutors could pursue the death penalty. Forsyth County District Attorney Jim O'Neill cited two aggravating factors, out of a possible 11, for why Juan Rodriguez should face the death penalty.

He said that Maria Rodriguez' murder was "especially heinous, atrocious and cruel." O'Neill also said that Juan Rodriguez killed his wife while committing another felony, which is kidnapping. State law provides prosecutors with 11 aggravating factors from which to choose in order to pursue the death penalty.

Her father, Eusavio Montano, told the Winston-Salem Journal in November 2010 that his daughter had planned to move with her three children — ages 6, 11 and 13 at the time — to his house in Massachusetts. Montano also said that she told him that her husband had abused her. Juan Rodriguez denied the abuse.

# U.S. AG's Brother Appears To Employ Illegal Immigrants

http://www.carolinajournal.com/exclusives/display exclusive.html?id=9540&fb source=message

#### Workers at Wake County McDonald's say they have no documentation

RALEIGH — U.S. Attorney General Eric Holder's brother, William Holder, apparently employs illegal foreign workers at one or more of the four McDonald's restaurants he and his wife Deborah purchased last year in Wake County, a Carolina Journal investigation has found.

A CJ reporter made approximately 30 visits in September to observe and talk with workers at the restaurants, at least one of which has been visited by the attorney general. The reporter was present during a conversation at which some employees stated they did not have a Social Security number, a green card, or any other document that would give them the legal authority to work in the United States.

One employee said he was planning to go through the "deferred action" program announced in June by President Obama that would allow young-adult illegal immigrants to receive legal-resident status and work permits. CJ also has a document corroborating that one of the workers does not have a green card or Social Security number.

The majority of the employees in each restaurant appear to be of Hispanic descent, and, when not interacting with customers, conversations between workers most often were in Spanish. In conversations with the reporter, some workers indicated they did not speak English.

### Man pulls gun on Franklin County sheriff

http://www.wral.com/man-pulls-gun-on-franklin-county-sheriff/11652926/

LOUISBURG, N.C. — Capt. E.H. Smith of the Franklin County Sheriff's Office found himself in a situation Saturday night no officer wants to be in — with a gun pointed at him.

Three deputies providing security for a private party at the National Guard Armory Saturday in Louisburg called for help, and Smith responded. The deputies said they noticed some men flashing gang symbols at one another and escorted them out from the party. After that, Smith said things began to get out of hand.

"We were concerned about retaliation, about people that did leave being able to go home and come back," Sheriff Jerry Jones said.

When he arrived, Smith heard someone scream about a gun. That person, 33-year-old **Gregory Vidal**, pointed his gun at Smith.

"I didn't know whether I was going to be shot or what was going to happen," Smith said. "I didn't know what to think "

Smith said he drew his weapon, but Vidal was surrounded by women and children.

"He made a decision immediately with people coming out of the armory between him and the suspect that he could not take action with his weapon," Jones said.

Instead of firing at Smith, Vidal ran away. Smith said Vidal later fired away from the crowd at several deputies, one of whom returned fire. Vidal then surrendered.

Vidal was wanted for a 2010 stabbing in Wilson County and was using more than one name, Smith said. Vidal remains in the Franklin County Jail, and Smith said immigration officials are looking into his status.

# Man Pleads Guilty to Possession with Intent to Distribute Bath Salts

 $\underline{http://www.fbi.gov/charlotte/press-releases/2012/charlotte-man-pleads-guilty-to-possession-with-intent-to-distribute-methylone}$ 

CHARLOTTE, NC—Raumeen Abdi Shiraz, 25, of Charlotte, pleaded guilty today in federal court before U.S. Magistrate Judge David C. Keesler to possession with intent to distribute a controlled substance and a firearms offense, announced today Anne M. Tompkins, U.S. Attorney for the Western District of North Carolina.

U.S. Attorney Tompkins is joined in making today's announcement by Harry S. Sommers, Special Agent in Charge of the Atlanta Field Division of the Drug Enforcement Administration (DEA), which oversees the Charlotte District Office; and Chris Briese, Special Agent in Charge of the Federal Bureau of Investigation (FBI), Charlotte Division.

A federal bill of information filed in U.S. District Court charged Shiraz with one count of possession with intent to distribute methylone, a Schedule I controlled substance, and one count of possession of a firearm by a convicted felon. According to filed court documents and court hearings, in July 2012 DEA agents assisted by the FBI seized precursor chemicals used in the manufacture of illegal drugs from Shiraz's residence in Charlotte, a storage facility in Matthews and a second storage facility in Charlotte.

According to filed court records, in January 2012, law enforcement agents made a purchase of iodine, a List I chemical, from Shiraz Lab Supply. In April 2012, agents made another purchase of red phosphorous, also a List I chemical, from Shiraz Lab Supply, court records show. Filed documents indicate that on May 2, 2012, law enforcement met with Shiraz at his residence and provided him with written notice of the DEA registration requirements for distribution of List I chemicals. Law enforcement agents subsequently made two additional purchases of List I chemicals (iodine) from Shiraz Lab Supply.

At the time of the seizure in July 2012, the substance recovered from Shiraz's storage facility in Charlotte had field-tested positive as methamphetamine. Further lab testing verified that the substance recovered from the storage facility was in fact methylone, a synthetic cathinone known to be marketed as the street drug "bath salts," among other things. According to today's plea hearing, two additional packages containing methylone had been shipped to Shiraz from China. In addition to the controlled substances, while executing the search warrants, law enforcement agents also recovered four unloaded handguns stored in Ziploc bags from Shiraz's storage facility in Charlotte.

Shiraz faces a maximum prison term of 20 years and a \$1 million fine for the drug charge. The gun charge carries a maximum of 10 years in prison and a \$250,000 fine. Shiraz has been in local federal custody since July 2012. A sentencing date has not been set yet.

A family of three, including the mother who was charged Thursday in a crash on U.S. Highway 64 East near Thomasville on Saturday, remained hospitalized Thursday afternoon.

A spokeswoman with the N.C. Highway Patrol said Jared Quintero, 4, was in critical condition, and Maribel Perez Chavez, 31, remained hospitalized at Wake Forest Baptist Medical Center in Winston-Salem. Chavez's condition was not available. Joyce Quintero, 10, was listed in fair condition, a hospital spokeswoman said.

The Highway Patrol spokeswoman said Chavez was charged with careless and reckless driving, driving with a canceled driver's license and a child restraint violation.

Troopers responded to the accident on U.S. Highway 64 East near Blackberry Road in the Silver Valley community at 2 p.m.

The spokesman said a 2007 Nissan passenger vehicle being driven by Chavez was traveling west on U.S. Highway 64 when she ran off the right shoulder of the roadway and lost control. Her vehicle came back on the roadway, went across the center line and struck a tractor-trailer being driven by Ward Wesley Roland Jr., 60, of Harvard Place, Asheville. Both the tractor-trailer and Nissan went off the shoulder and came to rest, the spokesman said.

Chavez had three children as passengers. One of the children, Gianluigi, 6, was treated and released at Wake Forest Baptist Medical Center. The driver of the tractor-trailer was OK. Joyce, the spokeswoman said, was ejected from the vehicle because she was not wearing a seat belt.

Charlotte. - More than 20 000 immigrants have been interrogated by 287g deportation program, who turned 6 years working in Central Jail Charlotte.

According to figures from the Office of the Sheriff Mecklenburg County, of those "interviewed" by the program, **8.371 have had legal status**, including: citizens, permanent residents, refugees, asylum seekers, beneficiaries of temporary protected status (TPS) and holders of non-immigrant visas.

The number of individuals processed for deportation amounted to 11.672.

The total of all processed and being accused of felonies were 1,441. Those charged with misdemeanors were 9.824.

The totals most processed for deportation are still people who **committed traffic offenses: 3,483**, but detainees for deportation for **driving under the influence of alcohol or drugs climbed to 2,832**.

These totals correspond to data processing admitted to the detention center in Charlotte, from 8 May 2006 until 29 April 2012.

# **Union County 297 deportees through "Secure Communities Program"**

http://charlotte.guepasanoticias.com/noticias/inmigracion/inmigracion/644-297-deportados-del-condado-union

The use of the controversial Secure Communities program that serves to identify illegal immigrants who have committed crimes, has been "successful" for Union County prison authorities.

Sheriff Eddie Cathey said the program is part of the regular process of arrest from jail so that all who enter must pass through it no matter who they are, what makes it effective in identifying both undocumented and legal persons.

"If someone gets one that is required for committing a crime in another state, your records immediately, because the program gives us access to national results," said Cathey A passing-Mi Gente.

The tool called SCOMM, is connected to the databases of the Immigration Control Service (ICE) and the Federal Bureau of Investigation (FBI), lets find out in one step immigration and criminal history of a detainee.

The sheriff said that his role is not to go into neighborhoods to arrest people without papers, but check to those arriving at the prison.

The program works in that county since March 2010 but began operations soon after. Between 1 July 2010 and 30 June 2011, 13,500 people were processed of which 480 were born outside the country. Of these, 297 were handed over to ICE.

For Sergeant Jeff Greene, who since 2007 coordinates the functions of ICE in prison, the major benefits of this SCOMM, positive identification of permanent residents and naturalized citizens.

"By law it is mandatory for over 18 years to bring their documents, but many argue that the charge for fear of losing them or they are stolen. Some people do not know their alien number or remember your name as it appears on your documents, "said Sgt.

Prison authorities indicated that the use of ICE programs have improved the general identification of detainees and the admissions process.

According to Greene, in the past two years, have identified several individuals both U.S. citizens and foreigners, who provided false identities and various authorities required by North Carolina counties and other states.

"We were able to identify a person who had been in and out several times in our jail for minor offenses, but was required for years by ICE for violating her order of supervision," said the agent.

According to Greene, initially 98 percent of undocumented aliens were arrested today, the number dropped to 80 percent.

"Looks like we're doing our job, and these people without papers are leaving to other communities for fear of being arrested here," said Sgt. Greene.

### 4 men in NC cocaine drug ring arrested

#### http://www.salisburypost.com/Crime/101812-Molina-arrest#.UIGDPak3Tw4.facebook

CHARLOTTE - After the arrest of a key suspect in Charlotte, authorities are searching for another man believed to have played a major role in a large-scale cocaine operation in Rowan County.

**Jorge Molina-Sanchez**, 33, formerly of Patriot Drive in Salisbury, was arrested Friday at an apartment complex off North Sharon Amity Road near Eastland Mall.

The Rowan County Sheriff's Office confirmed the arrest Wednesday, but declined to comment further, citing the ongoing investigation.

According to court files, **Molina-Sanchez** was one of two men placed in charge of the Rowan cocaine operation by his brother, accused kingpin Juan Antonio Molina-Sanchez.

Juan was arrested last fall. He pleaded guilty to federal drug trafficking charges in August and awaits sentencing. He and Jorge are both in Mecklenburg County jail under no bond.

Authorities now are looking for a third person, **Jose Luis Molina**. Investigators believe Molina, a cousin, headed the operation with Jorge following Juan's arrest last year.

For years, Juan Molina-Sanchez controlled and grew the drug operation that brought more than 50 kilograms of cocaine into Rowan County.

Juan, 31, was the largest supplier of drugs in the county, according to an investigator. He had started trafficking drugs around 2004, he told a prosecutor, but the operation began spiraling out of control after a tip sparked the widespread investigation that involved the State Bureau of Investigation and Immigration and Customs Enforcement agents.

That tip came from an arrest in Utah. Court files show the investigation into Juan's operation began in February 2011, when an officer in Utah stopped a vehicle. Inside were two women - Juan's girlfriend and sister.

The vehicle had 11 grams of cocaine inside, too.

A few weeks later, Rowan investigators staked out a storage unit in Salisbury and saw Juan enter the building.

Authorities got a search warrant after a drug dog alerted to the smell of a controlled substance. Inside a 1998 Infinity I-30 parked in the storage unit, deputies found \$30,000 in cash.

A week and a half later, Juan moved the car from the unit to a home on Old Beatty Ford Road.

On June 2, 2011, a cooperating witness told officers she was Juan's cousin. A notary public in Gaston County, she admitted to investigators that she had been notarizing vehicle titles in nominee names provided to her by Juan.

Less than a week later, investigators spoke with **Joel Alejandres Santibanez** at a home on Cauble Stout Circle. east of Salisbury off Barger Road. He consented to a search of the home, but not of an outbuilding in the backyard, and not of the I-30 then parked at the home.

"Santibanez claimed that he worked cutting grass with Jorge Molina-Sanchez, using the expensive equipment that he possessed on the property," a federal complaint said.

But a mower found at the home had only 15 hours of use logged on it.

Three weeks later, on July 26, 2011, Rowan deputies made a significant dent in the case when they returned to Cauble Stout Circle with a search warrant and raided the home.

Inside were three kilos of cocaine and one kilo of heroin, along with \$139,000 in cash.

Investigators later learned the Molina family either owned or was connected to homes on Old Beatty Ford Road, Patriot Circle, West Franklin Street, Chesapeake Drive and another on Mt. Hall Road in Cleveland.

Santibanez, 38, was arrested in the raid. He remains in Rowan County jail under a \$1,000,000 bond, charged with felony trafficking heroin, felony trafficking cocaine, felony possession of narcotics and felony maintaining a dwelling for storing drugs.

But Juan Molina-Sanchez escaped the raid.

An informant told prosecutors Juan Molina-Sanchez began dealing in 2004 with a customer in Iredell County, court records show.

A second informant said they began purchasing drugs from Juan in "ounce-quantity transactions," a federal complaint said, and increased to an average of one to two kilograms of cocaine per month from 2007 to June 2011.

In a signed court admission, Juan said he brought at least 50 kilos of cocaine into the area, but not more than 150 kilos. He also admitted to trafficking at least one kilo of heroin.

Following the Utah seizure in early 2011, prosecutors believe Juan fled North Carolina for Florida.

He placed his brother Jorge and Jose Luis Molina in charge of the business from then on, court records said.

An informant said they then began purchasing drugs directly from Jose and Jorge.

On Oct. 5, 2011, investigators caught up with Juan Molina-Sanchez in Las Vegas.

An informant recorded his telephone conversation with Juan Molina-Sanchez as he acknowledged his connection to the Utah seizure and to doing future drug deals, court records said.

After Jorge's arrest, deputies are now beginning the search for Jose Luis Molina.
